

# Summer Camp Meeting

- Show video
- Staff training over 30 hrs. each year. Students stay with trained counselors who work in teams of 2. Pastor Dave's son, Davey, will be one this year ☺
- Brian will stay at camp all week and is available for the kids 24/7 if they need help. It's also a great time for us to build them up in their faith in addition to the staff and programs. You can send email, letters and packages but phone calls only make home sickness worse and effect an entire cabin. Sop we ask to keep that only for emergencies. Brian will have my cell w/ him so you can always check in. They also do their best to post photos throughout the week.
- Pastor Dave has worked with CLBC for over 20 years
- Last year they had to cancel CLBC unfortunately but we are excited to head back this year!
- Your student will be with a few students they know but also will make some new friends.
